

STANDING SEAM

VALLEY EDGE PLATE FLASHING

Cladco Valley Edge Plate Flashings are for installation with our Standing Seam Roofing Sheets with an eaves lip. These Flashings are designed to allow the lip on Standing Seam Sheets to securely clamp onto and seal your roofing project along valleys, for a professional finish.

STANDING SEAM FLASHINGS FOR CLADDING

STANDING SEAM FLASHINGS FOR ROOFING

SUSTAINABLE MATERIALS

Cladco Standing Seam Roofing Sheets are manufactured from SSAB Steel coated with GreenCoat® Pural BT. The use of Swedish rapeseed oil, in place of traditional fossil fuel oils, promotes sustainable production methods which reduce our environmental footprint to provide you with a high-quality, A1 fire-rated roofing and cladding product.

AFTERCARE

Standing Seam Roof Sheets are low-maintenance and require little in the way of upkeep. We recommend, however, that annual inspection of the Sheeting is carried out, and any debris or dirt build up is removed or cleaned away.

Suitable Valley Plate For An Eaves Lip

Sustainable Coating Made From Swedish Rapeseed Oil

Made From High-Quality SSAB Nordic Quality Steel

Hidden Fixing With Annular Ring Nails
